

## Building Analyst Training In Preparation For BPI Certification Exams

Profit with Home Performance Training: This low-cost training program is designed as an entry level course for Green Jobs and energy efficiency improvements primarily in residential buildings.

This course establishes a solid foundation for all. While you're using building science technology to help customers solve heating, cooling and air leakage problems that are driving high-energy costs, you'll also provide them with a more comfortable, safe and durable home. You'll be part of an exclusive group of contractors with access to benefits that will help your business grow or start a new career.

Who this course is recommended for:

- Home Inspector
- HERS Rater
- Architects
- Energy Auditor
- Weatherization
- HVAC Professional
- Energy Engineer
- Building Contractor
- Insulation Professionals

**Class Location:** 102-10 159th Rd, 2nd floor, Howard Beach NY 11414

### BPI Testing Information:

Following completion of this course, participants will be eligible to take the BPI written/online exam. There will be a written/online exam which satisfies the first component of the BPI certification requirements. Candidates must also pass a field performance exam before receiving certification. Test dates will be selected from a choice given to students during classroom instruction.

*Starting February 2012, BPI is requiring that all certification exams be video/audio recorded for submission to them.*
